

General description:

The DPP 4004/4012 mains power supply units are 19" rack mountable and are the main 24 V power supply source for PROMATRIX® components.

They provide remote control of ON/OFF functions and power supply of ELA systems with and without battery emergency power supply. The management for mains power supply and battery supply switching and vice versa is realized automatically.

The devices have CE approval as well as UL and CSA recognition and are EN 60849 / VDE 0828 conformable in combination with the PROMATRIX® system.
