

The HD 437 and HD 457 open, dynamic hi-fi stereo headphones are an ideal choice for modern rock, pop and soul music. The powerful, lightweight headphones are the perfect partners for home mini hi-fi systems and for mobile audio sources. When out and about, a convenient cord take-up lets you adjust the headphone cable to the required length.

- Open, dynamic, supra-aural hi-fi stereo headphones
- Ideal both for home mini hi-fi systems and mobile audio sources such as CD, MiniDisc and MP3 players
- Clips to the belt: convenient cord-take up for adjusting the cable length when listening on the move
- Very comfortable to wear due to ultra-lightweight design
- Rugged outdoor design with extremely flexible headband
- 3 m highly conductive OFC copper cable
- Replaceable fabric-covered ear pads
- 2-year guarantee

HD 437

- High levels and powerful bass for modern, rhythm-driven music
- Specially designed damping perforation ensures rich, crisp bass response
- Lightweight diaphragm with “turbine” embossing for low bass
- Powerful neodymium magnets

HD 457

- With excellent stereo sound and warm bass ideal for soul, funk, grunge and percussion
- Manually inserted cellulose fleece ensures balanced sound image
- Ultra-lightweight diaphragm material and powerful neodymium magnets for wide dynamics
