

Welcome to Sennheiser's new 500 series. The HD 595 is the premier headphone of the range, boasting a new level of comfort and sound quality. Features include our E.A.R. technology and a highly constant, compressed cellulose fleece to reduce total harmonic distortion. Velour ear pads and high-quality leatherette headband both provide outstanding comfort.

- Open-Aire™, circumaural, dynamic, stereo headphones
- Highest-grade components for outstanding acoustic performance
- Ergonomic Acoustic Refinement (E.A.R.) enables ideal sound channeling for a new kind of listening experience
- State of the art, advanced Duofol diaphragms
- Highly optimized, field-strengthened neodymium magnet systems
- Outstanding wearing comfort for long listening sessions
- Velour ear pads even allow wearing eyeglasses without loss of comfort
- Longevity through exchangeable components
- Lightweight aluminium voice coils for high efficiency and excellent dynamics
- Special diaphragm geometry reduces intermodulation distortion
- Highly constant, compressed cellulose fleece reduces total harmonic distortion
- Headphone holder included – ideal for easy shelf and table mounting (horizontally & vertically)
- 2-year warranty

HD 555

High-End Sound
experience

The HD 555 features a special internal Surround Reflector, which generates an extended spatial sound field, making it the ideal headphone for home theater, as well as music. Other innovative features include Sennheiser's E.A.R. technology and optimized Duofol diaphragms for a new level of audio enjoyment. Overall listening pleasure is combined with outstanding wearing comfort.

- Open-Aire™, circumaural, dynamic, stereo headphones
- Ergonomic Acoustic Refinement (E.A.R.) enables ideal sound channelling for a new kind of listening experience
- State of the art, advanced Duofol diaphragms
- Highly optimized, field-strengthened neodymium ferrous magnet systems
- Outstanding comfort for long listening sessions
- Velour ear pads even allow wearing eyeglasses without loss of comfort
- Longevity through exchangeable components
- Lightweight aluminium voice coils for high efficiency and excellent dynamics
- Surround reflector improves spatial sound characteristics
- 2-year warranty

HD 515

High-End Sound
experience

The HD 515 is a classic headphone and an affordable entry into the audiophile 500 series. It's perfect for listening with virtually any source. The HD 515 is fitted with Sennheiser's innovative E.A.R. technology, plus special Duofol diaphragms that reduce unwanted resonances to an absolute minimum. Overall listening pleasure is combined with outstanding comfort.
